There was produced from American mines in 1880 **41,857,055** tons of bituminous coal. The product had grown to **105,968,207** tons in 1891. This is the class of coal which the Democrats propose to place on the free list. They prefer to have Nova Scotia mines and miners get the business of supplying us with this product.

A DEMOCRATIC OPINION.

Chicago Herald.—A temporary increase of taxation seems to be absolutely necessary.

WANTS PROTECTION.

New York Press.—The Cleveland manifesto against white hunters shows that the autocrat of the White House needs a good house dog as well as an ax.

PLAYING A LOSE HAND.

Clobe-Democrat.—Cleveland is getting along with less help from the leaders of his party than has ever before been known in the history of American Presidents.

MAKING A REPUTATION.

Providence Journal.—This is only the second time that Governor Penneyer has been heard of outside his own state, and on both occasions he has appeared in the capacity of a nincompoop.

THE POOR MAN'S FRIEND.

St. Louis Globe-Democrat.—When the Democracy puts sugar, tea and coffee back on the dutiable list it will be in splendid position to make a new appeal for the "poor man's" vote.

MUST HAVE IT.

New York Press.—Democratic papers and orators have made the country ring with their denunciations of "war taxes," and now some of them demand a revival of the income tax. They must have Free-trade at any cost.

DOESN'T LOOK IT.

Boston Journal.—"These Mugs," says Mr. Cleveland's Excuse-maker in Chief, "make me tired." It is well that Mr. Maxwell has mentioned the fact. Nobody would suspect it from his robust daily record of removals.

NOTHING NEW.

New York Press.—The influence of that eminent Democrat, Governor Penneyer of Oregon, toward the President of the United States is not without precedent. It was quite the thing among Democratic statesmen some thirty years ago.

SELFISH FELLOWS.

New York Press.—One of the leading Free-trade papers of Southern California calls upon its readers to be up and doing to prevent the destruction of the orange and grape industries through the abolition of the Tariff on them. Protection for my business, but Free-trade for every other, is the Democratic motto.

A LOCAL ISSUE.

New York Press.—The Louisiana rice and sugar planters are afraid now that the Democratic party will carry out the Tariff pledges of the Chicago platform and propose to formally protest against such a step. Strange that these Democratic patriots should not want to wipe out an unconstitutional fraud and sham.

HANDY AS A SHIRT POCKET.

A Virginian has invented a new postage stamp which ought to be popular. The patent device consists in the regular two-cent stamp being perforated through the middle much as a sheet of stamps is perforated. The figure "2" is to be printed over the perforated line and the necessity of buying two denominations of stamps obviated. Whenever a one-cent stamp is wanted the owner of the two-cent stamp just tears it in two, making two one-cent stamps. As an economical measure there would seem to be something in this for the Government. A double engraving and printing bill would be saved.

ONE CASE OF THE GOLD DRAIN.

New York Press.—The recent outflow of gold to foreign countries has called attention to the great quantity of that coin that is annually carried abroad by American visitors. It is estimated that last year the sum reached \$100,000,000. The amount of gold brought to the United States last year by foreign tourists was about \$30,000,000. If these figures are correct \$70,000,000 more gold was taken out than was received by this means. This year the prospects are that the balance will be reversed in our favor. Owing to the Chicago fair less Americans will go abroad, and an unusual number of foreigners will visit the United States. It is interesting to consider what effect this may have upon our National supply of gold coin.

Services—every afternoon and evening this week at the M. E. Church, South, with sermons by the Rev. Dr. Joseph H. Young of Louisville. All cordially invited.

A PARTY of Maysvillians went fishing yesterday on Ball Creek. One of the crowd, a prominent real estate man, caught a fish belonging to an entirely new species hereabouts. He had a red head and its body covered with feathers. It will probably be stuffed and sent to the World's Fair, where it will attract much attention in the Fisheries Building.

ALVIN BUCKNER, a well known colored man, was stricken with a fit resembling apoplexy while engaged in tacking down a carpet at the home of A. C. THERE was absolutely no warrant for the sensational "Bomb-blowers in Maysville," that appeared in yesterday's Commercial Gazette. The "dynamite bomb" consisted of a comparatively harmless torpedo, whose explosion was not even credited a bomb. CORINTHIAN POSTMASTER.

It turns out that the changes brought about by the Postmaster of Corinth are of little moment, and gotten up to get a Republican removed, now that it is impossible under Postmaster General Russell's order for a man whose term is unexpired to be removed to make way for a Democrat. The charges will be investigated by a Postoffice Inspector. It may be that they will be considered sufficient to justify his removal, for this is a Republican Postmaster under a Democratic Administration.

A MATTER OF TIME.

It is a hard business to find out what the time of day really is in Maysville.

If a man's watch gets out of whack or stops on him he is in a bad fix. It is an awful thing to get started again, but will be started on time—that is, correct time.

As a person does not know what time it is even after he has found out.

NAME YOUR CHOICE.

WHO IS THE MOST POPULAR CANDIDATE FOR POSTMASTER?

A Chance to Make Known Their FAVORITE GIVEN TO "LEDGER" READERS—You Can Vote Early and Often.

Whom do you want to be Postmaster of Maysville during the Administration of President Cleveland?

Fill out the attached ballot with the name of your favorite and send or bring to THE LEADER Office.

You can send them singly or wait until you have a batch of them.

The candidates, whose applications are understood to be on file, are Major T. C. Cheno, the Druggist at Second and Sutton streets; R. B. Lovel, Grocer, Third and Market streets; M. F. Marsh, Editor of The Market.

It is a free-for-all contest, however, and a vote cast for any citizen of Maysville will be duly counted.

The balloting will continue until July 1st.

No vote will be counted unless made out on the following ballot. No name need be signed.

FOR POSTMASTER.

The popular will, thus expressed, may aid Congressman Paynter in making a selection. As it is agreed that his recommendation will have great influence with the President.

The ballots will be counted every morning and the result announced in each day's Leader.

World's Fair Escorted Route.

The Chesapeake and Ohio Railway has placed World's Fair excursion tickets on sale at all of principal stations in Virginia and West Virginia.

The Chesapeake and Ohio Route is the shortest, and most direct route from all Virginia and West Virginia points to the World's Fair. It is the only line from the South that runs direct to the Fair.

For special information, accommodations for parties in special cars and all other information that cannot be obtained through your nearest ticket agent, address C. B. Ryan, G. F. A. & O. Railway, Cincinnati, O.

The event will be inaugurated by a great street parade, which Cincinnati excels in, besides the police department and the civic societies of Cincinnati and the United States troops at Fort Thomas will join in the procession.

The Chesapeake and Ohio Railway will sell excursion tickets from all points on the main line and intermediate stations going on trains 17 and 19 May 13th, 1893.

OF President CLEVELAND's recent order shutting the doors of the White House against office-seekers a leading Tammany Democrat said: "The poor unfortunate office-seeker is now between the devil and the deep sea. Mr. CLEVELAND warns him not to apply for office and if he complies with Mr. CLEVELAND's order he will be in danger of being overlooked altogether. What is he to do? Mr. CLEVELAND should put forth a new bulletin instructing faithful Democrats how to go to work in the street. He could call it 'A guide to office-seekers who have been loyal to me and my policy.'"

PRESIDENT HARRISON's management of the Nation's finances was so the Democrats reminded us—altogether too hesitating, panicky, uncertain. It needed the steady hand of a master on the throttle to bring the National train into the great station of financial safety. Well, President CLEVELAND took hold and has been running the machine two months and eight days. Is it pertinent to ask passengers how they like the new engineer as far as they have gone? The situation, says The Times-Star, recalls an incident in pioneer railroading in Michigan. When the first train came into Detroit over the Pontiac road, the engineer moved slowly to the street at a snail's pace, greatly to the disgust of the President of the road, who happened to be on the flag-covered locomotive. "Here," he said, shouting the engineer aside, "I'll bring her in myself with some sort of style about her." So saying he jerked the throttle violently, rang the bell, tooted the whistle and in a jiffy he had the train whizzing down the street at lightning express speed. Unluckily, he had forgotten how to "slow up" or "whistle down brakes," and though he pulled the emergency rope and handled in sight the engine plunging right through the depot and wrecked the roundhouse. Gathering himself up among the debris the President remarked: "Well, I brought her in, anyhow."

REPUBLICANS.

The Committee on Resolutions Make a Report.

Dr. Blackwell's Woman Suffrage Resolution Indorsed.

The Blackballing of Hebrews Denounced—Favorable Action on Resolutions—Almost Every Public Question Given Due Attention.

LOUISVILLE, Ky., May 13.—All Wednesday night—about from 8 o'clock in the evening until near 4 Thursday morning—the sub-committee of the committee on resolutions was in session. The bone of contention in this body was the resolution favoring woman suffrage, which was introduced by Dr. Blackwell, of Boston, Wednesday. George Prentiss, of Glasgow, Ill., made a fight on it, and won the day. He held that it was not a question for the league to decide. It was a matter that properly belonged to the national republican convention, and for the league to adopt such a resolution would result in serious injury to it. Dr. Blackwell favored it and the matter did not come to a vote until near 4 o'clock in the morning. Then the sub-committee decided to report to the committee with an unfavorable recommendation. Thursday morning the whole committee sustained the action of its sub-committee and it will go into the convention unfavorably recommended.

The attendance at the convention was larger Thursday morning than it was Wednesday. There was a good deal of disappointment expressed on the part of the rank and file of the convention that more of the national party leaders were not present. It was not one of them came and their seeming neglect has caused some of the leaders of the convention to make unkind remarks towards the before-mentioned leaders. This is especially true as regards Spooner and Fessenden, who are members of the committee for the presidency of the league.

The convention was called to order at 10:30 o'clock by President Clarkson. The delegations were called in by Dr. Heywood, of this city, led in prayer. Frank Cannon, of Utah, got the floor when Dr. Heywood had finished his invocation, and motioned the adoption of a sergeant-at-arms. He said there was so much confusion during the prayer that the minister could not be heard. The motion prevailed and Mr. M. Smith, of Alabama, was appointed to the office.

The committee on credentials made its report. The rules adopted to govern the convention were those of the fifty-first congress, over which Thomas B. Reed presided.

The committee on resolutions made its report, which was received and read. It touched upon almost every question of public interest now before the country, including resolution in respect to the memory of the late James G. Blaine.

James Blaine, a colored delegate from Alabama, got the floor and offered a few criticisms on the republican party for its seeming neglect of the Negro race. He said the republican party was the only party to which the colored man could look for protection and he hoped the party will not retrograde from the position it has assumed the administrations of Lincoln and Grant.

A lively discussion arose over a resolution regarding the restriction of immigration. It is recited that all immigrants be denied admission to this country who could not read the English language.

Capt. Allen moved to indefinitely postpone the resolution. He said it was an anti-republican and anti-union resolution and should be killed. His motion prevailed.

A resolution was adopted denouncing the building of the Union League club, at New York, for refusing a Hebrew admission to membership. Several speeches were made in support of the resolution in which the language of the club was criticized in the severest terms.

The resolutions recommended by the committee on resolutions for adoption were then taken up and considered one at a time. When the resolution offered by Dr. Blackwell Wednesday was read a motion was made to lay it on the table. This was carried all over the house.

A score of delegates were clamoring for the floor at the same time, and a division was called for, and as a result the resolution was adopted by a vote of 873 yeas to 185 nays.

The report of the committee on resolutions in full was as follows: "We, the representatives of the republican club of the United States, reaffirm our devotion to the principles of the republican party as enunciated by the national republican convention in 1892."

"We point out with pride to the passage of a general law for the safety of life and limb of railway employees upon the recommendation of President Harrison by a republican congress and in conformity with the wishes and pleasure of the national republican convention."

"We declare that we are heartily in sympathy with every legislation and measure which will promote the interests of the wage-earners and tend to equalize conditions and harmonize the relations between labor and capital, and we recommend the adoption of such effective means to attain this end as the convention may see fit to adopt."

HOT WORDS.

Lively Row in the Behring Sea Commission.

A Reference to Mr. Bayard's Policy Precipitates an Altercation.

Which Will Tend to Endanger the Success of the Arbitration—Senator Morgan, Sir Charles Russell and E. J. Phelps Exchange Sharp Contradictions.

PARIS, May 13.—During the argument before the Behring sea arbitration commission Thursday, Sir Charles Russell, in alluding upon the seizures of Canadian vessels by the Americans for seal catching in Behring sea, insisted that the seizures had been made on the high seas without previous diplomatic apportionment. Mr. Bayard, when Secretary of state, had never tried to justify the seizures on the ground that the United States had property in the seas.

There follows a sharp exchange of contradictions between Senator Morgan, American arbitrator; Sir Charles Russell and E. J. Phelps. Sir Charles Russell and E. J. Phelps declared that the seizures were justified on the ground that the United States had property in the seas.

Lively Row in the Behring Sea Commission.

A Reference to Mr. Bayard's Policy Precipitates an Altercation.

Which Will Tend to Endanger the Success of the Arbitration—Senator Morgan, Sir Charles Russell and E. J. Phelps Exchange Sharp Contradictions.

PARIS, May 13.—During the argument before the Behring sea arbitration commission Thursday, Sir Charles Russell, in alluding upon the seizures of Canadian vessels by the Americans for seal catching in Behring sea, insisted that the seizures had been made on the high seas without previous diplomatic apportionment. Mr. Bayard, when Secretary of state, had never tried to justify the seizures on the ground that the United States had property in the seas.

ASKED TO LEAVE

Musical Director of the Fair
Roundly Censured.

Insubordination and Favoritism the
Charges Against Him.

Thodore Thomas' Unfitness as a Musical Director at the Fair Ended—Harmony in That Department Requires the Dismissing of His Services.

CHICAGO, May 12.—After two weeks of hard work, the committee investigating the bureau of music Thursday evening made a report to the national commission. The report, in effect, stated that Mr. Thomas' usefulness as musical director of the fair has ended, and that harmony in that department required that his services be dispensed with. The report is a severe arraignment of Mr. Thomas and his methods of conducting the bureau of music. It gives a fearful picture to Chief Harriet Behrman, who proposed to a local firm of musical instrument manufacturers that he would play their harps for a bonus of \$100 a year. Schuchman, for his money, it appears, admitted having made the proposition, and stated that if his demands had been complied with he would have continued to use the harps in question, and would not have changed to another manufacturer.

Before the committee Mr. Thomas denied being in any way connected with any house engaged in selling or manufacturing musical instruments. He also denied any knowledge of Schuchman's proposition, but admitted that artists accepted bonuses or pay for exploiting instruments, but this was none of his business. Mr. Thomas declared that the authority of the director general over him was only nominal. It was shown that Director General Davis had notified Thomas not to make engagements with persons he was under obligations to use instruments made by non-exhibitors. Notwithstanding this Mr. Thomas has placed in music hall and had played at the concert of the piano of a non-exhibitor firm, and the programme of future concerts is so arranged that it practically nullifies the plans of all exhibitors. Nor was this favoritism confined to the use of pianos. It has been carried to the use of organs and harps. The evidence conclusively shows, Prof. Peabody, chief of the department of liberal arts, having jurisdiction to do so, applied to a Chicago firm, to have them build an organ to be placed in the woman's building, tendering space for that purpose. The proposition was accepted, and the organ was built, ready for the delivery in time, when it was stated to the house that Mr. Thomas would call to examine the instrument, the matter being referred to him. He did not call, nor was the instrument taken; but in its stead an organ represented by a non-exhibiting house is to be placed in the woman's building.

It seems to be an admitted fact, the report continues, that the use of a piano for the musical exhibit activities far more extensively the piano than if it were placed in manufacturer's hall on exhibition.

In conclusion the report says: "Your committee reiterate the former expression of this commission that no piano not exhibited for award should be used in musical exhibits during the fair. The usefulness of Prof. Thomas at the best of the musical exhibit of the world's Columbian exposition is so impaired that, in our judgment, his services should be further dispensed with, and we recommend that the director general be instructed to request his resignation."

COUNTERFEIT EGGS.

A Woman Has Been Selling Them to the Clevelanders.

CLEVELAND, O., May 12.—Food Inspector Miller was treated to a brand new experience. He has been called upon to analyze nearly everything entering into the diet of man in these days of food adulteration, but never before encountered the artificial machine-made egg. The complainant said an honest-looking woman had been furnishing his wife with eggs alleged to come fresh from the poultry yard. At first they were satisfactory, but recently suspicious had been aroused, and samples were submitted to Dr. Mellor. Close examination showed that they had been made at a factory. Dr. Mellor will investigate their composition.

Broken Mississippi Levees.

NEW ORLEANS, May 12.—The levee broke Thursday at Lakeport, Ark., and is filling up the Black river and the main basin. Both are said to be low and able to hold the water.

Masses, Tenn., May 11.—Early Thursday morning the levee on the Arkansas side near Lakeport gave way, and at 9 o'clock the break was 300 feet wide and increasing every hour.

Mississippi River on the Gas.

CHICAGO, May 12.—Frank A. Gallagher and W. H. Gass, aged apparently about 30 and 35, respectively, and registered from Alexandria, Va., were found in bed unconscious at the Tarrytown house, Bailestad and Adams streets, Thursday. It was the old story of blowing out the gas.

Anglophile by the President.

WASHINGTON, May 12.—The president Thursday appointed J. Hampton Hoag, of Virginia, to be United States consul at Amoy, China, vice Edward Johnston, of Philadelphia; and John Mitchell, of Texas, to be collector of customs for the district of Rio de Santiago.

SCOTCH IRISH CONGRESS.

Froment Men at the Meeting—Robert Donner Presiding Officer.

SPRINGFIELD, O., May 12.—Delegates to the fifth annual congress of the Scotch-Irish society of America, and which will be in session here for several days, are arriving in large numbers, and according to present appearances the gathering will be the largest in the history of the society. Robert Broun of New York will preside over the proceedings and Gov. McKinley will welcome the delegates in behalf of the state. The objects of the society are distinctly and exclusively historical and social.

Prominent among those who will speak or read papers during the sessions of the convention are Gov. Northern, of Georgia; Rev. John Hall, D. D., of New York; Ex-Senator MacMillan, of Minnesota; Senator Lindsay, of Kentucky; Dr. D. C. Bailey, of Tennessee; Dr. Bryson, of Alabama; Gen. W. H. Gibson and Gen. John Beatty, of Ohio; Gen. Anson G. McComb, and Hon. S. Schellenger, of Washington, D. C.; Judge Scott, of Illinois; Hon. Chas. Foster, late secretary of the treasury; Hon. K. McClure, Dr. McConell, Charles W. McKeehan and Dr. MacIntosh, of Philadelphia; Helm Bruce, of Louisville, Ky.; Rev. J. W. Watson, of Iowa; Judge W. L. Calhoun and Col. G. W. Adair, of Atlanta, Ga.; Senator Brice, John A. McMahon, Dr. Hugh S. Fullerton and Judge John C. Miller, of Ohio.

Niagara Falls, N. Y., May 12.

The information was learned here Thursday that the Niagara Falls Power company had secured through the state legislature and the governor, amendments to its charter permitting it to conduct electric power all over the state and sell it to any person or company. Previous to this the company had the right to operate in but two counties in the state. These increased privileges give it virtually a monopoly of disposing of an electric power anywhere in the whole state, not excepting New York city.

London Chronicle of Cleveland.

LONDON, May 12.—The Daily Chronicle says, in a leader on the Russian-American extradition treaty: "We can understand the motives of the senate in conceding to Russia what was refused to Great Britain and France. Mr. Cleveland has made the American government the watchdog of Russian absolutism, as forty years ago it was the slave-catcher of the southern planters. It will be long ere this blot on Mr. Cleveland's escutcheon will be wiped out."

Not So Bad After All.

WASHINGTON, May 12.—Senators and representatives are unanimous in their expressions of approval of President Cleveland's order excluding office seekers from the white house. The new order of things has been in operation for four days, and it has brought about a remarkable change in the manner of expediting public business. The senators and members say they have no further trouble to secure full consideration of the subjects laid before the president.
